Application fee

An application fee is payable in connection with licence applications.

Applicant's undertaking

We are well acquainted with the "Regulations for Nordic Ecolabelling of products". If our application for an ecolabel licence/registration is granted, we agree to follow its rules as well as the ecolabelling criteria and other regulations of which the ecolabelling organization may inform us.

We thus undertake to follow the above-named regulations and:

- to satisfy current regulatory requirements on the exterior and interior environment in all production and handling of the product.
- to satisfy regulatory requirements applicable to the product in the Nordic area.
- to use the ecolabel only on products that satisfy, in all respects, the requirements in the current ecolabelling criteria.
- to use the ecolabel only on products included in our licence.
- not to market products in the Nordic countries carrying a trade name that is the same or could be confused with that of the ecolabelled product.
- to use the Nordic Ecolabel in accordance with item 7 in "Regulations for Nordic Ecolabelling of Products".
- to provide factual information on the significance of ecolabelling in product advertising and marketing material.
- to pay the required fee to the ecolabelling organization and other costs in connection with our application for an ecolabel licence and the inspection and testing on ecolabelled products which are demanded by the ecolabelling criteria in question or other regulations.
- for products not subject to the Nordic fee system, to apply for registration and pay the licence fees and other costs to the ecolabelling organisations in the other Nordic countries in which the ecolabelled product is sold.
- to supplement the application with documentation regarding particular national requirements if the product is to be marketed in countries other than those specified at the time of application.
- to indemnify in full the ecolabelling organisation in the event of claims or other financial expenses incurred by the ecolabelling organization as a result of damage caused by the product manufactured and/or sold by the licensee, including faults and defects in the product itself.
- to use the Nordic Ecolabel only while the associated licence is valid.

The agreement permitting the use of and reference to the Nordic Ecolabel is concluded when a licence is issued by the ecolabelling organization.
